### COOLIDGE DELAYS DECISION TO JOIN ARMS CONFERENCE

Will Not Act Until League  
Announces What It  
Proposes To Do

### SECURITY PACTS MAY BE SLEEPERS

Officials Declare America  
Will Not Be Party To  
Any Such Pacts

Washington, Dec. 12.—President Coolidge will reserve decision concerning American participation in the League of Nations' armament conference until it can be definitely ascertained just what the league proposes to do.

While committed to the general principles of reducing armament, and desirous of promoting steps in this direction wherever possible, the administration nevertheless plans to proceed with considerable caution in the present situation.

Disquieting reports have reached Washington that the league wants to accompany the proposed reductions of armament with additional security pacts, providing new guarantees for the nations that consent to reduce their armies and further slash their navies.

Under no circumstances, it was stated officially today, will the United States become a party to any security pact, whether it is disguised as disarmament or not. The opinion of congress on this point is considered so unanimous that it would be futile for President Coolidge to submit the question to the senate, even were he so inclined.

Congress Must Sanction  
President Coolidge made it clear in his message to congress that America is little concerned with the reduction of armament. This, he said, is chiefly an European problem, and while the United States would encourage any steps looking to its accomplishment, actually the United States has little or no direct interest in it.

He said that this government "would not care to attend a conference which from its location or its constituency would in all probability prove futile."

This was generally interpreted as constituting notice to Europe that this government will not go to Geneva or elsewhere if the conference appears likely to hit upon the rocks of petty politics and jealousies that have wrecked so many European conferences, and came near even wrecking the Washington arms conference.

In any event, the president will not attempt to send American delegates without the express sanction of congress.

The senate would have to ratify any agreements resulting from a conference, as well as, with the house, appropriate money to defray the expenses of an American delegation.

### SENT POISON PEN NOTES TO HERSELF

Alliance Chief Says Salem  
Woman Admits Writing  
Threats To Self

Alliance, Dec. 12.—Police Capt. Harry Stark announced this morning that Mrs. Ida Perkins, 38, had confessed to charges of writing threatening letters to herself and have thrown pieces of coal at the windows of her son-in-law's home at Maximo. The woman had been quizzed by police for several days.

According to police, Mrs. Perkins had been living at the home of her son-in-law, Glenn Nease, of Maximo, in order to nurse Nease's 18 month old baby following the death of his wife, who was Nease's second wife, Mrs. Perkins claimed that she had received several threatening letters signed by Nease's first wife, and also that coal had been thrown through the window and that poisoned candy had been left on the doorstep. Police grew suspicious following an investigation and held Mrs. Perkins on a suspicion charge.

### LARGE DIVIDENDS TO STOCKHOLDERS ALSO ANNOUNCED

Big Business Is Going To  
Say Merry Christmas  
With Dollars

MILLIONS TO GO  
INTO STOCKINGS

Generous Donations To Be  
Made By Industries  
Thruout Country

New York, Dec. 12.—Big business is going to say Merry Christmas this year with dollars—millions of them.

It's going to be a real "dollar Christmas" with hundreds of firms and corporations.

With business booming on an unprecedented scale throughout the United States, business firms already are beginning to play Santa Claus in a more generous way than ever before in the country's history.

In New York alone business firms will give to their employees, it was estimated today, approximately \$75,000,000. That will be above \$23,000,000 more than last year.

Big Christmas Bonuses  
Elsewhere, throughout the country, correspondingly generous gifts will be made. How much is anybody's estimate—probably \$250,000,000.

Big fat Christmas bonuses to employees and stockholders are being announced daily, and more of this glad news is coming.

All sorts of cash payments and special dividends are being made public. The extra distributions ordered in the last few days will reach well up into the tens of millions.

Wall street, having enjoyed the greatest business year in its history, is planning to make it a very Merry Christmas. It money gifts will do it. Brokers never have done such a colossal business as in the last 12 months. There were, for instance, two days in November when more than 5,000,000 shares of stock were dealt in in a single day on the exchange.

Business is so good that today's shares on the New York Stock Exchange are selling around \$150.00 and it is freely predicted they will go up to \$200.00. Seats on the New York Curb Exchange have moved up in price from \$9.90 to \$35.99 since last spring.

The personnel of Wall street, who have been rushed of late as never before, are going to be rewarded in their Christmas stocking, brokers indicated today.

### ANDERSON ADOPTS NEW REFORM HOBBY

Deposed Dry Leader Would  
Deny Foreign Honors  
To U. S. Citizens

Washington, Dec. 12.—William H. Anderson, who was deposed as head of the Anti-Saloon League in New York, announced today a new name for the rival or rivalization he organized some months ago, and a brand new issue.

The new name selected for his movement is the "American Protestant Alliance," and the new issue is a constitutional amendment to prevent Americans from receiving foreign decorations or honors.

Diligent search of historical records has revealed to Anderson that there was introduced and passed in 1910 by both houses of congress a proposed amendment to the constitution providing that:

"If any citizen of the United States shall accept, claim, receive or retain any title of nobility or honor, or shall, without the consent of congress, accept and retain any present, pension, office or emolument of any kind from any emperor, king, prince or foreign power, such person shall cease to be a citizen of the United States and shall be incapable of holding any office of trust or profit under them or either of them."

Senator Reed of Maryland was the father of this proposal and as an amendment to the constitution it was ratified by 12 states, Maryland, Kentucky, Ohio, Delaware, Pennsylvania, New Jersey, Vermont, Tennessee, Georgia, North Carolina, Massachusetts and New Hampshire, and thereafter apparently dropped and lost sight of.

Anderson considers that this applies to many of the foreign decorations and titles conferred upon American citizens during the war, and it is his intention to push ratification by the remaining states necessary to put the proviso into the constitution.

### CHRISTMAS SEALS SELLING RAPIDLY

Through its chairman, Mrs. I. L. Cooke of Salem, the Columbiana County Public Health League sent out 5,000 letters containing Christmas seal this year, and so far approximately 2,000 letters have been returned to Sec'y George Lafferty of Lisbon, containing over \$1,000 in money.

The proceeds from the sale of these seals go toward fighting tuberculosis, establishing fresh air camps for the undernourished child and for the cashing in of milk funds for the poor children in the public schools.

The Columbiana County Public Health League includes all territory in the county outside of the East Liverpool municipal district.

### Yacht Missing For 12 Days He Reports

New York, Dec. 12.—Coast guard and naval communications officers here were asked today by E. M. Statter, hotel owner, to begin a search for his steam yacht Miramor which left Charleston, S. C., with 12 men on November 30 and has not been heard from since.

### Boy Faces Chair For Slaying Grandmother

Harrisburg, Pa., Dec. 12.—William Cavillier, 15-year-old Schuylkill county youth who was convicted for the murder of his aged grandmother, will face the electric chair during the week of Monday, Feb. 1, 1926, unless the state board of pardons commutes his sentence. Gov. Pinchot this morning set the week of Feb. 1, as the date of execution.

### Red's Still Popular With The Girls

Detroit, Dec. 12.—Red Grange may have been booed by some of the fans who have watched his play but he certainly has lost none of his popularity with the fair sex.

The famous redhead gets more mail than a movie queen—and included in the lot are letters from hero-worshipping girls that roll in at the rate of about 150 a day.

Nothing shy about these young women either. They suggest dates and parties; they naively propose marriage and some of them insist that a little loan wouldn't come amiss to tide them over bitter days.

None of these reach Red's eyes. They are read by his manager or companion and then consigned to the waste basket.

### MAN KILLED AS 3 FLOORS COLLAPSE

Eight Others Are Injured  
And Four Investigations  
Are Begun

New York, Dec. 12.—Four separate investigations were under way today to determine the responsibility for the collapse of three upper floors in a four story building late yesterday, in which one man was killed and eight injured.

Several of the injured, it is feared, will die. The dead man whose body was taken out of the wreckage after hours of searching, has not been identified.

The building was being remodeled. Some of the injured were not taken out of the wreckage until nearly eight hours after the building collapsed. Rescuers, led by policemen and firemen, worked frantically to reach them. The rescue work was highly dangerous as the walls which were still standing threatened to collapse any minute.

Joseph Blanche and Salvatore Blundo, two of the most critically injured were kept alive for more than six hours while rescue work was going on, by being fed through tubes. Oxygen was also pumped through to them.

### KIRBY TESTIFIES DISCOUNT CO. HAD LARGE SURPLUS

Cleveland, Dec. 12.—Defense testimony, tending to disprove government charges that the books of the Cleveland Discount company were falsified under orders of Josiah Kirby, its founder and former head, was offered today as the case neared its close.

Evidence was offered that the company was in fact solvent and had a considerable surplus under any book keeping method. Kirby is on trial under an indictment charging use of the mails to defraud.

Before he completed his two and one-half days on the witness stand Kirby yesterday testified that the preparation of all statements and the keeping of the company's books was in charge of Raymond L. Poland, former treasurer and government witness. Kirby denied he had ordered Poland to make false entries with the purpose of showing a surplus when the company was insolvent.

The case will probably reach the jury late Tuesday.

MASSSES AT ST. PAUL'S CATHOLIC CHURCH, SUNDAY, DECEMBER 13th AND UNTIL JANUARY 1, WILL BE AT 7:30, 8:30 AND 10:30. 292th

### HEARS "BURGLAR" SHOOTS DAUGHTER

Girl Walking In Her Sleep  
Is Mistaken By Father  
For A Burglar

Jersey City, N. J., Dec. 12.—Nine-year-old Rose Carme, walking in her sleep early today, was shot and seriously wounded by her father, Anthony, who mistook her for a burglar.

Rose is in the City hospital, the roof of her mouth torn away and three teeth missing from her lower jaw. Her condition is critical.

The father was awakened by the sound of the outside door closing as the little girl passed into the outside hall. Thinking a burglar was trying to make an entrance he took a revolver from under his pillow and waited in the darkness for "the burglar" to make another sound.

Rose had in the meantime mounted the stairs to the apartment above occupied by Mr. and Mrs. Anthony Sorrentino. Mrs. Sorrentino awakened the child and would have led her into her apartment but Rose shook her head fretfully saying she was "going back to bed."

The father, standing in the darkness, heard the door swing open, and fired blindly into the dark. Rose crumpled in a heap at his feet.

Police arrested the man. He will be arraigned this afternoon.

### God's Pattern Topic Of Special Sermon

"God's Pattern For Our Lives" was the subject of a message by Rev. C. E. Haworth, pastor of the First Friends church, at the evangelistic service Friday evening at this church. The sermon was especially for young people. Miss Thelma O'Connell and Phebe Ellen Parsons sang a duet.

Members of the Loyol Temperance league attended in a body with some of the women of the W. C. T. U.

Of Married Life at Homes of Sons Here

Mr. and Mrs. H. A. Tolerton, aged 78 and 72 respectively, who returned from Los Angeles, Calif., a few weeks ago, where they have been making their home for the last five years, will celebrate their 50th wedding anniversary Monday.

From 2 to 5 p. m. Monday, their son and wife, Mr. and Mrs. Charles E. Tolerton, will keep "open house" at their home, 23 Rose st., when any of the friends of the family will be welcome to call.

That evening there will be a family dinner at the home of their son and his wife, Mr. and Mrs. W. W. Tolerton, East High st.

Mr. Tolerton, a son of Hill Tolerton, was a member of one of Salem's prominent pioneer families, which was connected with the early history of the city.

### Willing To 'Mother' 69th Congress

Washington, Dec. 12.—"Aunt Alice" Robertson, Oklahoma's former congresswoman, would like to "mother" the sixty-ninth congress.

Back in Washington as a newspaperwoman, Miss Alice announced today she was overjoyed by the greetings given her on Capitol Hill.

"I'm so glad to be back," said Aunt Alice. "Every one treats me lovely and when I ask the boys for news, they say, 'Give it to them, Miss Alice; tell the truth about them.'"

"But I don't want to be critical of say mean things about congressmen. They are only big grownup boys."

### NATIONS INVITED TO ARMS PARLEY

United States, Russia and  
Germany Included In  
League Invitation

Geneva, Dec. 12.—Invitations are going forward today for a preliminary conference, under the auspices of the League of Nations, to prepare the way for an international disarmament conference.

The United States, Germany and Russia are included in the nations invited to appoint delegates to a commission which will explore every avenue of disarmament opinion and draft an agenda for a full conference to be summoned later.

The invitations are understood to stress the fact that no disarmament conference can be a complete success without the participation of the United States. While it is recognized that the United States is not concerned in the matter of land disarmament, it is held that it is involved in questions involving economic and industrial disarmament.

### CAST ANNOUNCED FOR SENIOR PLAY

"Icebound" Will Be Staged  
By Students Wednesday  
and Thursday

L. T. Drennan, debate and dramatic coach at Salem High school, announced the complete cast for "Icebound," the senior class play, which will be given in the auditorium Wednesday and Thursday nights of next week.

Henry Yaggi, Jr., as Ben Jordan, and Mary Chessman as Jane Crosby, head the cast of young amateur players. Russell Stallsmith has the part of Henry Jordan; Eleanor Votaw is his wife, Emma Jordan. Mary Ellen Smith takes the part of Nettie, a daughter of Emma by a former marriage.

Sadie Fellows, once Sadie Jordan, a widow, is a part taken by Elizabeth Ward; Donald Ward plays her son, Orin; Gladys Redington is Ella Jordan, an unmarried sister; Homer Eddy is Dr. Curtis; William Miller has the part of Judge Bradford; Cesarie Paumier is Hannah, a servant; and Robert Davis is Jim Jay.

This play, the Pulitzer prize play of 1922, deals with an unusual theme. The Jordans are cold blooded buzzards eagerly waiting for their mother to die so that they may have her property. When she finally does pass on, she upsets all their plans by leaving her estate to a servant girl, Jane Crosby. The love story of the play starts when Ben, the son, is won over by Jane's cheerful management and he deserts his cold-blooded family for her.

All Salem High students are selling tickets for this play. Tickets may be reserved starting at 7:45 a. m. Monday, at the High school. Reservations may be made at any time of the day Monday, Tuesday and Wednesday.

The proceeds of the play will go toward the class scholarship fund.

### SHRIVER ELECTED MILITANT CAPTAIN

J. L. Shriver was elected captain of Canton No. 11, Patriarchs Militant, when officers for the coming year were elected at a meeting held Friday evening in the I. O. O. F. hall. The other officers for 1926 are: W. T. Keen, lieutenant; B. B. Burnett, ensign; F. L. Stewart, accountant; and W. P. Davis, clerk.

William Horne was elected installing officer, and probably will install the officers at the first meeting in January.

### U. S. INVESTMENTS ABROAD INCREASE

Over Ten Billions Invested  
In Foreign Enterprise  
By Americans

Washington, Dec. 12.—American investments abroad have jumped \$1,250,000,000 in 1925, according to estimates made today by government economists.

The country will go into 1926 with over \$10,000,000,000 in foreign fields, which means an income returning to the United States of probably over \$600,000,000 every year.

In spite of the government's prohibition this year against the flow of capital to nations which have not funded their debts, and objections put in the way of so-called unproductive foreign loans, flotations to finance foreign enterprise amounted to \$1,000,000,000.

This figure represents the loans to foreign governments and other officially secured loans to big corporations, for which bonds were publicly floated in the United States.

The remaining quarter billion dollars is made up of private investment of American capital on foreign business, or in American business on foreign soil.

### GRANGE TO PLAY IN LOS ANGELES PARK JANUARY 19

Los Angeles, Dec. 12.—C. C. Pyle, manager of "Red" Grange, was scheduled to arrive in Los Angeles today to make arrangements for the appearance here of Grange and his teammates January 19.

Whether Grange would play in the new Wrigley ball park, seating about 20,000 or the coliseum, which holds more than 75,000, was to be decided. William Wrigley, Jr., of Chicago, interested in Grange's team, the Chicago Bears, arrived here yesterday and was said to have planned the appearance of the former Illinois football star at his new ball park.

## MORTON'S RETURN TO PEN DEMANDED

Donahay Authorizes Effort To Have "Big Jim" Returned To Ohio

Columbus, Dec. 12.—Gov. Donahay today announced his intention of authorizing former Common Pleas Judge Adrian G. Newcomb, Cleveland, to make plans for return to the Ohio penitentiary of James (Big Jim) Morton, Cleveland, bank robber, now in Detroit, where he is in custody pending trial, scheduled to start next Monday, on the charge of robbing a Detroit bank.

While serving sentence in the penitentiary here for the Cleveland time, Morton was conditionally released last August by the state board of clemency and turned over to a Detroit officer for trial.

The governor's selection of Newcomb was in response to a telegram to Donahay from Robert H. Jamison, Cleveland, president of the Cleveland Association for Criminal Justice. Jamison, on behalf of the executive committee of the association, asked the governor to immediately instruct Attorney General Crabbe to do everything within his power to see to it that Morton is as speedily as possible reconciled in the Ohio penitentiary.

Donahay was informed by Jamison that the association "tenders to you and the attorney general the services of Newcomb, Jamison, also stated that the association and the citizens of Cleveland demand that the governor immediately institute 'the most searching investigation possible as to just why Morton was released,' and, if such release was due to incompetency of public officials, or to worse causes, that 'their resignation be forthwith demanded.'"

## TO SETTLE SEIZED PROPERTY CLAIMS

### Bond Issues Announced To Repay German Property Holders

Washington, Dec. 12.—Complete reimbursement to German Nationals for property seized during the war and the payment of private American claims against Germany will be guaranteed under a new 25-year five percent bond issue announced today by Secretary of Treasury Mellon.

To settle the claims, the government agreed to waive rights to German reparations, totaling about \$320,000,000. This money will be used to repay German Nationals. The reparations include \$250,000,000 for army of occupation costs.

In announcing the plan to repay German property holders by applying reparations to these charges, Mellon declared the government would adhere rigidly to the age-old American custom of not confiscating property of a foreign citizen for payment of claims against a foreign government. Money will be paid in lieu of repayment in kind.

The bond issue is to be secured by operations.

The plan will be submitted to congress and will obtain the approval of President Coolidge, it was said.

Treasury officials said that it was evolved by committees representing both German owners of seized property and Americans.

German citizens will be reimbursed for ships, patent rights and radio stations seized by United States when the war broke out, in addition to obtaining payment for other private property now in hands of the government.

### HERE'S A CAROL FOR COMMUNITY SING ON DEC. 24

Here is another Christmas carol which will be sung at the community Christmas eve gathering in the High school auditorium. Clip it for use here.

"While Shepherds Watched"  
While shepherds watched their flocks by night,  
All seated on the ground,  
The angel of the Lord came down,  
And glory shined around,  
And glory shined around,

2 Fear not, said he, for mighty dread,  
Had seized their troubled mind;  
Glad tidings of great joy I bring,  
To you of all mankind, to you of all mankind.

3 To you, in David's town, this day  
Is born of David's line,  
The Saviour who is Christ the Lord,  
And this shall be the sign, and this shall be the sign.

4 The heavenly Babe you there shall find,  
To human view displayed,  
All meanly wrapped in swathing bands,  
And in a manger laid, and in a manger laid.

5 Thus spake the seraph, and forthwith,  
Appeared a shining throng,  
Of angels, praising God on high,  
Who thus addressed their song.

6 All glory be to God on high,  
And to the earth be peace,  
Goodwill henceforth from heaven to men,  
Begin and never cease.

## To Travel Smartly

*Clothes Which Suit the Mode of Transit Are Selected by Doris Kenyon With Traveling Chic as Well as Good Taste*

TO GO traveling smartly the clothes selected must possess good lines founded upon the season's favored silhouette, as well as a sense of fitness for the mode of travel.

The materials selected are, of course, important, and mixed tones are the best, as they stand the test of travel in a superior manner.

For the train, when the days are warm, the silk serge in either blues or browns is the wisest choice, for it does not crush, and it also sheds dirt in a most effective way.

The top coat that is worn with traveling chic over the suit or dress is sometimes a cape, or cape coat, which is most attractive and serviceable in plaids and tweeds. It is particularly well suited to the motor as a means of transit, as it covers so well the frock which may be more formal in tone to wear when the destination is reached for luncheon or dinner.

The coat or cape is also a necessary part of the traveling apparel of the smartly outfitted sea voyager. It covers with a great deal of dash the two piece jumper dress which is so suitable for shipboard.

The balbriggan jumper dress is ideal for the cool days aboard the ship, and it is very smart in the fashionable shades which do not show the wear and tear of travel.

Crêpe de Chine is also a wise choice for the one or two piece frock, which is equally suitable aboard ship or for motoring, worn beneath the top coat.

Then the smart suit of tweed or homespun should be given a thought or two, as it is always serviceable as well as decidedly smart for trips where many days are spent in sightseeing as well as in travel. The homespun, which boasts a double breasted jacket, makes an extremely smart traveling tailleur—and is very chic and practical in two tones.

Coats, suits and dresses alike are practical and smart if selected with an eye to their fitness. It is always well to choose the traveling wardrobe with an eye to comfort and utility as well as correctness of line and detail. However, when a combination of all these things is made, it results in clothes which go traveling smartly.

The hat which is best worn in this season, a felt. Its snug lines insure comfort, and in all the new lines and smart placements of trimmings they also insure chic. For really warm places, however, the bangkok in simple outline is also a proper selection. In color the hat should harmonize with the outfit ensemble, but should always be selected in dustproof and sunproof shades.

The feet, too, are smartly outfitted when oxfords or pumps of simple design and low heels are selected. They are well worn over hose of mixed wools or lises in matching tones.

If a top coat is selected for traveling instead of a suit—or perhaps

worn over the suit—the dress underneath is the next consideration. If one travels lightly in baggage, a figured silk in dark tones serves as a traveling dress as well as a frock which may go down to dinner. It is always wise to have along a dinner or evening dress which is not too elaborate, for they are worn—particularly aboard the steamer.

Doris Kenyon, who is appearing in the First National film, "The Half Way Girl," does her traveling—so necessary a part of the film actress's life—very smartly and has tweed, homespun and jumper dresses as well as serviceable silks all in store for the moment of traveling notice.

## FRAME FINANCIAL RELIEF MEASURE

Assistant State Auditor Is To Offer Proposal At Tax Parley

Columbus, Dec. 12.—A proposal designed to afford financial relief for local taxing districts will be submitted by Assistant State Auditor Harry Silver at the scheduled conference here next Tuesday for legislative leaders. Silver announced today.

At this conference, decision is expected to be reached relative to requests from various municipalities and other political subdivisions throughout the state for a special session of the state legislature to enact legislation providing financial relief for these taxing districts.

Silver said he will recommend enactment of a temporary emergency measure, effective only until the close of the present biennial session, authorizing the levying of additional taxes in a county municipality, school district or other taxing district, after a majority of the electors of such district, who voted at the preceding election, signify by signing a petition, their willingness that such additional taxes be levied.

Another recommendation Silver said he would make to the conference is that, before they issue a call for a special session, they arrange with the proper authorities in these cities and other districts where the financial situation is acute for the circulation of these petitions in advance of the session. The measure enacted at the special session, Silver said, could be so worded as to validate this advance circulation of petitions.

Silver said he believed this advance action should be taken in the local districts with a view to showing the legislature that the sentiment of a majority of the voters favored the proposed legislation.

## Wife Opens Hubby's Letter, Shattering Both Of His Homes

Cincinnati, O., Dec. 12.—Thomas P. Selts' two homes were shattered and two women were heart-broken today, all because a letter written by wife No. 1 fell into the hands of wife No. 2. Selts, when arraigned in police court this morning, pleaded guilty to a charge of bigamy. He was bound over to the grand jury.

Selts, a travelling salesman, maintained a home in Cincinnati for his first wife, whom he married at Bucyrus, O., in 1890. The second whom he married in Michigan in 1915, had cozy quarters in Lancaster.

Selts' arrest was upon a warrant signed by the second Mrs. Selts.

### LARGE DIVIDENDS

Continued from first page  
other and varied industries, here and elsewhere, are going to reward their employees, and stockholders, too. Not since war days has there been a time, as in the case of the last two weeks, when so many distributions, in the form of dividends and special dividends, have been announced. Here are some of them:

**Special Dividends**  
The Washington Oil company, one of the Standard Oil group, is going to pay a 300 per cent stock dividend. Mack trucks, Inc., has ordered a 25 per cent dividend. At present prices this dividend aggregates millions.

The Cerro de Pasco Copper company has declared an extra dividend of \$1 a share—a cool million for stockholders.

Libby, McNeil & Libby, noted Chicago packers, have declared dividends at an end and resumed paying dividends at \$3.50 a share.

The New York title and Mortgage Co., and the American Trust Co., announced that the 1,110 employees of the companies would receive a profit sharing distribution amounting to about 28 per cent of their salaries.

The United States Steel Corporation, with its 5,000,000 shares, will continue its pleasant habit of forming last year of paying 50 cents a share extra quarterly, or not far from \$2,500,000.

Household Products, which manufactures castoria, is making a Christmas gift of 50 cents a share extra, or \$500,000.

Wrigley gum will give an extra half dollar a share, or \$900,000.

**Remove Excise Tax On Fire Apparatus**  
Washington, Dec. 12. The treasury today removed the excise tax on fire apparatus.

Refunds will be given manufacturers who have paid the taxes since 1921.

A federal court in New York recently held the tax was illegal.

## SOUTH BEND SYNDICATE CAN'T GO THROUGH WITH DEMPSEY-WILLS BATTLE

Chicago, Dec. 12.—Floyd Fitzsimmons, tistic impresario from Michigan City, took one full on the chin here, when it was disclosed that the Harry Wills fight against Hollywood's most noted job dabbler was "only the dream of an Irishman."

Ray J. Cannon, Milwaukee attorney and advising of Jack Dempsey, delivered the blow by announcing that he was westward bound to inform Dempsey the South Bend (Ind.) "syndicate" is unprepared to go through with its guarantees, as embraced in contracts signed by Dempsey and Wills at Niles, Mich., several weeks ago.

The "syndicate," according to Cannon, suggested an alternative proposition designed along percentage lines which probably will be as popular with Dempsey as the numps.

The South Bend promoters let it be known today that they were prepared to go through with the guarantees and that they were more interested in the fight than ever, inasmuch as they were extending renewed efforts to bring about the rescinding of a decision handed down by Atty. Gen. Gilliom, of Indiana, barring the proposed bout from Hoosier soil.

It was learned from an authoritative source, however, that the "angels" of South Bend were priming the fight and all the preliminary for a big sale to any promoter who feels lucky enough to take it off their hands. Tex Rickard, of New York, is said to be regarded by the "syndicate" as a live wire prospect.

Rickard, however, will be given a chance at the deal only after the

"syndicate" has become convinced that a Dempsey-Wills fight in North-western Indiana or vicinity is impossible.

Cannon has been in conference with members of the "syndicate" numerous times during the last few weeks; state officials have been guests of the "syndicate" over weekends; Fitzsimmons has called on the governor several times and Dempsey is said to have made and denied statements in the same day regarding recent developments in the melee. Hilarious is that he is through with the "syndicate" and that he is not.

Carson Bigbee, outfielder with the world's champion Pittsburgh Pirates, may soon be traded to the Brooklyn Dodgers, according to rumors. Injuries to his legs handicapped Bigbee in 1924 and 1925.

### ROCKNE ASSERTS HE WILL REMAIN WITH NOTRE DAME

Notre Dame, Ind., Dec. 12.—Columbia university's annual announcement of a Rockne contract created a little furor here today, although university authorities were a trifle puzzled at its pointedness.

Rev. Mathew Walsh, president of the university interceded for Rockne at this end by making a public long distance telephone conversation with the coach immediately after publication of Columbia's announcement in a Philadelphia paper, where Rockne is visiting.

"There is no truth whatever in the report," Father Walsh quoted Rockne as saying. "I will return to the university next fall and for subsequent falls until my coaching days are over."

Mrs. Rockne, interviewed at the home early today, assured university authorities that Rockne had made no moves to terminate his reign at Notre Dame.

Rockne, on his return to South Bend, will leave soon for a vacation on the Kansas ranch of Jesse Harper, his old coach and father of the Notre Dame system.

## SALEM HI INVITED TO ENTER CONTEST

### State Extempore Speaking Contest To Be Held At Ohio Wesleyan

Delaware, Dec. 12.—Salem High school has been invited to enter a representative in the second annual State High School Extempore Speaking contest to be held in April at Ohio Wesleyan university here by the department of oratory.

Prizes offered include a handsome silver loving cup which will go to the winning high school and \$105 scholarship prizes which will be awarded to the successful contestants.

The first scholarship prize is one of \$200, the second \$100 and the third \$50. Several honorable mention prizes of one year honor scholarship will be awarded.

Seven subjects have been selected for the contest and high school students participating may select any five of the seven subjects upon which to make their preparation. The plan for conducting the contest requires that each contestant will be assigned by lot a specific topic relative to one of the five general subjects which he has selected. This drawing will be held on the morning preceding the contest and the student will have the afternoon for preparation of the speech which he will deliver at the contest in the evening. The contestant may not receive any help from teachers or any individuals after the specific topics have been drawn.

Subjects selected for discussion in the 1926 contest are: "Consolidated Schools in Rural Communities," "Conservation of Our National Resources," "The English Language," "Polar Expeditions," "Aerial Navigation in National Defense," "Women in Politics," and "Physical Education."

### Salem Aces Will Be Known As Lucky Dogs; To Get New Uniforms

Changing of the name of the city's representative basketball team from the Salem Aces to Lucky Dogs, and the financial backing of the team by Norm L. Reich, local sporting goods dealer, were announced Saturday by Joe Kelley, recreational director of the Memorial building who coaches the cagers.

The change of name is effective at once. Reich has ordered nine suits, of maroon and white, which will bear this name on the front of the jerseys. Extra large numerals will be worn on the backs of the jerseys to distinguish players better than formerly.

Backing of the team by this business man will insure a good five and plenty of equipment. The season's schedule is being arranged by Kelley and a game may be played at the Memorial building next week.

## National Defense Department Urged

Washington, Dec. 12.—Creation of a department of national defense and appropriation of \$100,000,000 to purchase airplanes and equipment were recommended in the report of the special house aircraft committee which was signed today.

The members were unanimous in their recommendations but Rep. Reid (R.) of Illinois, Col. Mitchell defense counsel, submitted a supplemental report providing for a unified air service. The committee did not recommend consolidating the services, but suggested that steps be taken later to bring this about if it was deemed advisable.

## ROAD SHOW HEADS THEATRE PROGRAM HERE NEXT WEEK

"Bringing Up Father," this time in gay New York, will be in Salem next week as the headliner of the week's theatre bills. This road show, a perennial affair, will be at the Grand Thursday. Pictures will feature the balance of the week at this theatre, and three screen productions are listed for the State.

George McManus' cartoon comedy, always popular here, will show the characters of "The News" daily cartoon strip in real life, headed by father himself. Excellent reports have been received from cities where this show has been playing, and the company coming here is the first or leading organization, which started out of New York, from the McManus headquarters this year.

Monday and Tuesday the Grand will have "The Roughneck" on display. This picture, made by Fox from Service's poem, "The Spell of the Yukon," has George O'Brien as the star and Billie Dove as the feminine lead.

Wednesday night the house is rented to a local organization, and on Friday and Saturday Buck Jones will arrive as "The Trail Rider," a western.

Girls, rather around, Rudolph will be at the State Monday and Tuesday in one of his passionate specialties, "Cobra," a picture taken from the stage play of the same name. Opposite Valentino is the slim vamps, Nita Naldi. There is a combination for you if you want hot stuff. "Cobra" is the name applied to a super-vamp of the

female gender, a girl who is the ultimate in lurers.

Wednesday and Thursday "Butterfly," from Kathleen Norris' novel of American society life, the story of a heartless flirt, will be seen at the State. Universal has a big cast including Laura LaPlante, Norman Kerry, Ruth Clifford and Kenneth Harlan.

"The Necessary Evil," the story of a stepson and stepfather who are in love with the same girl, is the unusual picture booked for Friday and Saturday. Ben Lyon, Viola Dana, Frank Mayo and Gladys Brockwell have the chief roles.

The bills for the week in detail follow:

### CHILE REPUDIATES PERSHING'S WORK

#### Fear Trouble May Affect Relations With S. America Republics

Washington, Dec. 11.—President Coolidge and his principal advisers were frankly worried today over the prospects of serious trouble with Chile that may effect adversely the entire scope of American relations with the republics of South America.

Chile's decision to ignore Gen. John J. Pershing and go over his head with a direct appeal to President Coolidge in the Tacna-Arica boundary dispute deposits a delicate and admittedly dangerous controversy on the White House doorstep.

Mr. Coolidge is the supreme court in this Tacna-Arica dispute that has festered in South America for a century. He appointed Gen. Pershing to the umpire to get Chile and Peru together, both countries agreeing in advance to accept the ultimate verdict.

Now Chile has repudiated the measures taken by Gen. Pershing to insure a fair plebiscite in the dispute territory, and in the course of the next few weeks will ask President Coolidge to throw out all of the work that Gen. Pershing has done in South America in the past four months.

This will put up to Mr. Coolidge the delicate question of repudiating Gen. Pershing, his own agent in the controversy, or offending Chile to the

## MINING CONGRESS BACKS OPERATORS

Washington, Dec. 12.—The stand of the anthracite operators in their controversy with the miners was endorsed in a resolution adopted by the American mining congress.

In supporting President Coolidge's recommendation for settling industrial disputes by arbitration, the resolution said:

"In order to terminate the present intolerable situation in the anthracite region, the operators have offered to submit all matters in controversy, without reservation, to arbitration."

## 8 MILLION DOGS IN THIS COUNTRY

Chicago, Dec. 11.—Suppose the canine population should be assembled at one place to declare war on their feline enemies. What an army there would be to meet the scratching masses!

There are approximately 8,500,000 dogs in the United States—enough to make a double line entirely around the globe, considering each to be 30 inches in length. And those are just the dogs on which license fees have been paid—the lonesome, friendless little cur without his number and tag and the innocent puppy under the taxable age are left out.

The number of feline inhabitants of the United States is less certain, but prominent members of the Society for the Prevention of Cruelty to Animals estimate the number of slightly less than that of dogs. Thus a great convention of cats and dogs would be a stupendous gathering of howling and meowing creatures, enough to completely cover the city of New York and smother the inhabitants of Chicago.

Dogs are more numerous in the small towns and farm communities. There, also, the greater number of untaxed creatures exist. Practically every farm home in the country is equipped with from one to five canine pets. Cats on farms number from 1 to 20. According to an item in a well-known sporting magazine, one woman in Bluffs, Ill., a town of 1,000 keeps 22 cats as pets. A farmer in New Jersey is known to have 47 feline inhabitants come to the dairy barn each morning to be fed.

## LEETONIA

Leetonia streets and homes are showing the approach of the Christmas spirit as is evidenced by the decorated store windows in the usual season's colors.

Beginning Monday evening all the stores will be open each evening until Christmas Day.

There will be small ever green trees used on the streets as decorations. They will be placed in holders on the side walks. As for the community Christmas tree much interest is being manifested in this. Leetonia's first community tree.

The tree is to be donated by Ira P. Mellinger and the Lighting and Power company will furnish the illumination. The tree will be decorated and lighted Saturday, Dec. 19, and from then on until Christmas.

On Wednesday evening there will be a community service at 7:30 p. m. at which time Rev. H. C. Brubaker will deliver the address. Every child will be presented a bag of candy and a popcorn ball by Santa Claus.

On Saturday evening the Home Economics class of the Leetonia High school will serve from 5 to 7 a chicken dinner in the rooms formerly occupied by the Spahoff Hardware company on Main st. In conjunction with the dinner the Junior class and editorial staff of the "Blue and White Messenger" will hold a Christmas bazaar. There will also be a candy booth and a fish pond will be operated for the benefit of the children.

## Why Is This Boy a Killer?

Central Press Photo

Investigators have been unable to find anything to indicate an abnormal twist of mind, in the family history, boyhood or school record of Gordon Pirie, New York youth who slew his best friend, George Nye, Jr. His average in school was 85. His preferred reading was Dickens, and he knew nothing about the Loeb-Leopold case.

TODAY'S RECIPES  
Mock Chicken—Take one-half loaf of bread, cut in small pieces and enough milk to moisten. Chop four tablespoons of pecan nuts fine, also one onion; add to the bread; beat two eggs and add seasoning to taste. Add one stalk of celery cut fine and two cups of cracker crumbs. This will help form a loaf. Shape like a chicken. Use two wooden sticks for the legs, using some of the material for thighs before forming the chicken. Bake in oven 40 minutes. For brown gravy, scramble one egg; brown four tablespoons flour; blend egg, flour together in butter. Use part milk and water to make gravy; season.

Molded Tomato Salad—Take one-quarter box gelatin, soak in one-half cup cold water. Take a slice onion, one teaspoon salt, one-half pint strained tomato, one stalk celery; cut up and cook together ten minutes; strain into gelatin, add one tablespoon lemon juice. Pour in mold; let stand over night. Cut in cubes and serve on shredded lettuce. Add mayonnaise.

Painted Stripes Trim Ensemble

A new spring creation uses braid and hand painted stripes to trim the coat. Material is serge with seal trimmings and velvet cuffs and tie.

cubes and cook with the cranberries. Make a mild sauce. Sweeten to taste.

Macaroni Cutlets—Take one and one-half cups of cooked macaroni. Make one cup of white sauce, and cool; season; one-half cup nut meats ground fine. Run macaroni through food chopper. Form into cutlets, dip into beaten egg and crumbs and fry until brown.

LATEST IN STYLE FOR WOMEN

Paris, Dec. 12.—Down-the-back necklaces are the latest fashion for evening wear in Paris. They come in, of course, with the new back decolette which leaves the neck high in the front and thus not an advantageous place for displaying valuable pearls and other jewels. The low-cut back, often extending down to the waist, is the vantage point for all that is beautiful now. Twice lovely is the beautiful back bedecked with rich pearls. Some of the jewelers are introducing ropes of pearls and other beads long enough to go around the throat both ways, down the back and in the front but most of the women find it more becoming to have the rope close to the neck in the front.

The furriers seem to be determined to make the fur fly in every direction this year and one of the ultra-fashionable modes of the winter will be the wearing of fur garters. They come in narrow bands of the same fur to be found trimming the costume, finished off by a little buckle in silver or gold or perhaps one of the new little doll faces in wax or hand-painted on ribbon.

The close-cut shaven furs are the best for garter use, such as seal, beaver, pony-skin, squirrel or breitch-schwarz, but many of the dressmakers are going so far as to make some charming one of the fuzzy fox if it adorns the costume in question. Garters for evening wear are usually in white ermine, like the cape or perhaps rich sable, as the case may be.

As long as the garters were nearly by out of sight there was little interest taken in them. The fashion of wearing them below the knee as well as the extremely short dresses of the season have brought them into the limelight.

How To Make Pecan Pralines

Creole candies occupy a unique position among confections in the United States and the most popular of all is the pecan praline.

Most people have the erroneous idea that pralines are difficult to prepare and that the necessary ingredients are costly. This is not at all true. One pound of brown sugar, one-half pound of pecans, one spoon of butter and four tablespoons of water will make a goodly supply of pralines.

Try your hand at this candy-making. The recipe, along with over 70 other creole recipes, is contained in the new booklet which this bureau has for free distribution. Send for your copy today. Enclose two cents in stamps for return postage.

FAKE DETECTIVE FIRM OPERATING IN OHIO, WARNING

S. A. Roach, secretary of the Ohio Bankers Association, today issued a warning to merchants and others who might be affected, to beware of a fake detective service company which he says this fall fleeced a number of Youngstown firms.

A man, styling himself James Reed, sold memberships in what he called the Merchants Protective & Service

Association, 405 Mahoning Bank building. Two years' service for \$25 of which amount \$15 to \$25 was collected when the application was taken. Contracts delivered guaranteed an extraordinary amount of service which would have been most valuable if fulfilled. Then the company disappeared.

County and city authorities all over the state are also asked to keep an eye out for such a concern.

PROHIBITION IS CALLED JOKE BY MICHIGAN HEAD

Grand Rapids, Mich., Dec. 12.—Prohibition legislation and enforcement were characterized as "an international joke" by Dr. Clarence Cook Lit-

tle, president of the University of Michigan, in an address here.

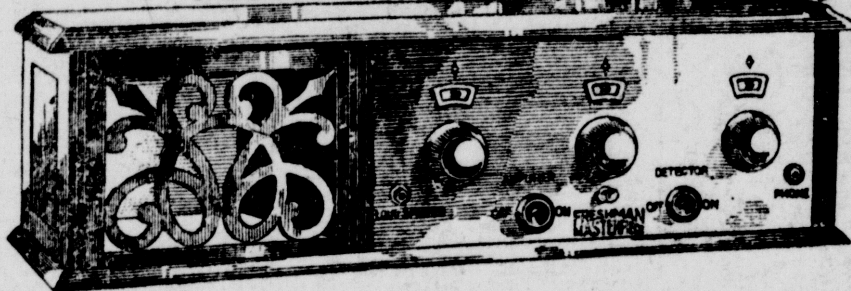

Prohibition, he asserted, is a failure and directly responsible for a growing disrespect of law in general. "Is it not time to ask for a businesslike handling of this whole situation so we may bring up youth in an atmosphere more nearly freed from hypocrisy?" Dr. Little asked.

Cincinnati—Albert Gleuck, 41, sophomore at St. Xavier college, firmly believes that obstacles merely increase a man's incentive to obtain a college education. Gleuck is married and the father of several children. As a member of the St. Zernard (O.) fire department, he is obliged to obtain his education piece-meal. Gleuck works 24 hours a day on alternate days as a city fireman. His "off" days he spends in college.

What is the Harmonic Balancer?

Why is this new Oakland feature creating such wide-spread interest? Why is it regarded as the year's outstanding advancement?

The Harmonic Balancer is an entirely new engineering development, pioneered by Oakland, and rendering the Oakland Six engine unmatched in freedom from vibration at all speeds.

This remarkable feature does not merely dampen vibration—it prevents vibration. It makes use of a simple natural law to neutralize any twisting of the crank-shaft under repeated piston impulses and thus stops torsional vibration at its very source.

But the Harmonic Balancer is not all. The new Oakland Six embodies more than 100 other improvements including Four-Wheel Brake refinements, Air Cleaner, Oil Filter, and Full Pressure Oiling System—yet prices are \$70 to \$350 lower.
